Gold Coast Race 6 - 1200m

She's All Class was ridden quietly last time and in a recent trial and attacked line - do same here and hard to hold out. Swift Witness definitely did nothing wrong last week when put them to the sword- get into nice spot again. Fake Love had a hope if it was only 1100 and had a good gate but nothing has fell right with the draw. Alpine Edge did a good job to win when on worstpart of track EF - chance. Tempo: Average speed - Suits Handy Runners

Gold Coast Race 7 - 1400m

Isotope just went too good last time not to tip- race a bit closer than last time and the way she attacked the line last time the extra distance shouldn't be a problem. Forbidden Love is on the up and the form out of the race last time is ok. Away Game will get the perfect run again but Isotope shouldn't have been able to beat her last time so ?here. Shooting For Gold went ok last week but the gte is a problem.[Bet Quin 13 / 3-12 for 5 units each] Tempo: Average speed - Suits Leaders & Handy Runners

Gold Coast Race 8 - 1400m

Speed should be good here. Discharged had to work hard 1st up over an unsuitable distance- steps up here and should push strongly to the lead and be hard to get around. Elevation went ok fresh when speed suited but the 1400 is some question mark. Yao Dash was a very good horse in early days and just went missing until the last week - found form and speed suits. Edison will show speed with gear on. Sambro is the blowout horse. Tempo: Average/Good speed - Suits Handy Runners
